

Timeline of America the Beautiful

Ray and Charlene Notgrass

NOTGRASS
HISTORY

How to Use This Timeline

A timeline assignment follows each lesson in *America the Beautiful Part 1* and *Part 2*. The student reads the assignment, turns to the assigned year in this book, finds the blank that has the corresponding lesson number, and writes the assigned statement on the blank. When the student writes a timeline assignment, it is helpful to read the other events that happened during that year and a few years before and after it.

Notice that each timeline box for the years 1000 to 1490 covers one decade. Beginning in 1500, each timeline box covers one year. Beginning with the year 2000, the boxes are larger so that the student can write milestones in his or her life, family events, news events, and other happenings he or she would like to remember.

We hope your student enjoys creating a personal timeline of American history!
