Please note: The grading system for Exploring America is entirely up to you, the parent. This chart is provided to be a tool for your convenience, not a taskmaster. For example, you might not wish to give a specific grade for every item, you might wish to have your student self-grade some items, and you might wish to count some items under 2 or 3 subjects. You will not have a grade to fill in for every blank for every lesson or unit. Feel free to grade according to what works best for you and your student and according to your educational style. Your goal is a child who is growing in the fear of the Lord, wisdom, and knowledge. Number or letter grades are not necessarily the best indicator of that pursuit.
